

LANKA WALLTILE PLC

DOLCE

“Dolce” has many meanings- sweet, charming, gentle. Lanka’s new Dolce series is all of those things. The satin finish is a graceful compromise between shiny and matte. The color palette with its variation is pleasing and versatile. With classic subway sizes in today’s colors and a fresh, new finish, Dolce will enhance and enrich any architectural style. (6C)

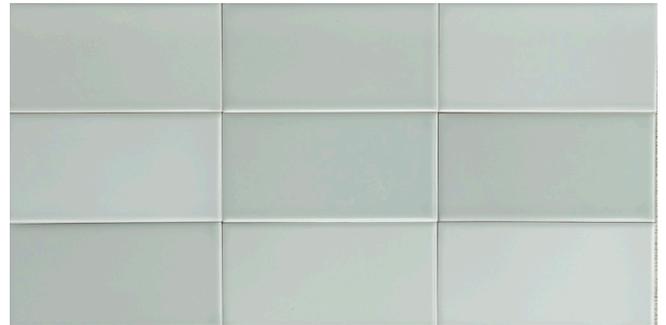

Polar (LADE601)

Sky (LADE605)

Hemp (LADE602)

Celadon (LADE606)

Sterling (LADE603)

Mocha (LADE607)

Dove (LADE604)

Latte (LADE608)

Much of the beauty of Dolce lies its variation. It is important to blend tile within each carton and from multiple cartons during installation.

Colors are intended as a guide only and may vary from actual tile. Sizes listed are nominal. Please check samples before making final selection and to get actual dimensions for layout.

PRODUCT INFORMATION

Colors

Polar	LADE601
Hemp	LADE602
Sterling	LADE603
Dove	LADE604
Sky	LADE605
Celadon	LADE606
Mocha	LADE607
Latte	LADE608

Sizes (Non-Rectified)

3 x 6	LADE---/36
4 x 8	LADE---/48
2 x 8	LADE--/28

2x8 and 4x8 sizes are modular if set with a small grout joint. 3x6 is not modular with the other sizes but can be used with them in non-modular patterns.

3 x 6 Trim

3 x 6 Bullnose 3" side	S4639
3 x 6 Bullnose 6" side	S4369
3 x 6 Down Angle Left	SCL4369
3 x 6 Down Angle Right	SCR4369
6" Quarter Round	A106
Beak	AC106

2 x 8 Capo (CO28)
Corner Capo (CON28)

4 x 8 Trim

4 x 8 Bullnose 4" side	S4849
4 x 8 Bullnose 8" side	S4489
4 x 8 Down Angle Left	SCL4489
4 x 8 Down Angle Right	SCR4489
8" Quarter Round	A108
Beak	AC106

1 x 8 Matita (MA18)
Corner Matita (MAN18)

AC106 for 1" Beak goes with both A106 & A108

Moldings

CO28	2 x 8 Capo
CON28	Corner Capo
MA18	1 x 8 Matita
MAN18	Corner Matita

Installation Information

The Dolce series is characterized by its shade variation. Some colors in the series have more variation than others. Expect shade variation between the 3 field sizes and between field and trim within each color. Due to the shape of the pieces and the nature of production, this is especially true for variation between field and trims. Curved pieces like capo, matita, quarter round and corners, because of their shapes, may have more pooling and different pooling than other pieces. Expect variation within each run, and from production to production. IT IS IMPORTANT TO BLEND TILE WITHIN EACH CARTON AND FROM MULTIPLE CARTONS DURING INSTALLATION. This is best achieved by laying out a good quantity of material before installing.

Dolce is intended for interior walls. If installing with a cement-based adhesive, it is recommended to use a flexible setting material. All substrates should be properly reinforced to be sure there is no movement. Wood studs need to be dry and properly braced with a minimum depth of 3½". For mortar installations, the mortar bed has to be cured (less than 2% humidity) and has to have proper reinforcing.

Lanka Wallfiles PLC is ISO 14001 certified.
